guidelines and criteria

Adjudicating criteria for children and adolescent literature in translation.

Definition of *Translation* in this context for the purpose of competing for the Award is the following:

A linguistic interpretation of a of universally-accepted genres originally written in any language (i.e. source language) other than English or Maltese into the target language: Maltese.

Linguistic interpretation is hereby defined as:

a textual rendering where a reasonable balance is kept between “faithfulness” to the original authorial intention in both content & form, and the translated/adapted text incorporating intrinsic and accepted literary values in its own right.

Broadly speaking, there are **two main criteria**, to be adhered to:

1. The texts translated are to have **as close and as faithful an interpretation as possible to the original**, whether this text is **directly** translated from the source, or whether through the intermediary bridge language of English. Suggested mark for this quality is **60%** to be divided equally for the following:
 - choice of subject-matter
 - Evidence of close, critical & creative reading of original text leading to valid & faithful interpretation
 - Knowledge of the *original* historical, political, socio-cultural & literary context in which the text was produced
 - Nuanced sense and appreciation of the discourse-stylistics of the original (i.e. use of language for the desired effect/s)
2. The translated texts for the three categories: children – ages 0-7, children – ages 8-12, and adolescents, that is, those translated **directly** in the target language Maltese from the four languages: French, Italian, German, Spanish are to be **judged on their own literary linguistic merits, as distinct from their adherence to the original form & content**. That is, these translated texts in all the accepted genres (Books for Children (ages 0-7 and 8-12 and Books for Adolescents 13-16) are to be adjudicated by the criteria as stated in Appendix 1. The mark from Appendix 1 should reflect 40% of the total mark.
