Criteria

Adjudicating criteria for children and adolescent literature in translation

Definition of *Translation* in this context for the purpose of competing for the Award is the following:

A linguistic interpretation of a of universally-accepted genres originally written in any language (i.e. source language) other than English or Maltese into the target language: Maltese.

Linguistic interpretation is hereby defined as:

a textual rendering where a reasonable balance is kept between “faithfulness” to the original authorial intention in both content and form, and the translated/adapted text incorporating intrinsic and accepted literary values in its own right.

Broadly speaking, there are **two main criteria**, to be adhered to:

1. The texts translated are to have **as close and as faithful an interpretation as possible to the original**, whether this text is **directly** translated from the source, or whether through the intermediary bridge language of English.

Faithfulness (accuracy and precision) 60%	Marks
significance of the translated work in terms of subject matter for the target culture/audience	15
evidence of close, critical and creative reading of original text leading to valid & faithful interpretation	15
translator’s knowledge of the <i>source text</i> historical, political, socio-cultural & literary context in which the text was produced	15
nuanced sense and appreciation of the discourse-stylistics of the original (i.e. use of language for the desired effect/s) and use of additions and deletions to find an equivalence of meaning	15

Comments:

2. The translated texts for the three categories: children - ages 0-7, children - ages 8-12, and adolescents, that is, those translated **directly** in the target language Maltese from the four languages: French, Italian, German, Spanish are to be **judged on their own literary linguistic merits, as distinct from their adherence to the original form and content**. Effectively, these translated texts in all the accepted categories (Books for Children, ages 0-7 and 8-12, and Books for Adolescents) are to be adjudicated through the criteria as stated below. The mark calculated from the criteria marked below should reflect **40% of the total mark**.
