Ir-Regolament De Minimis - Regoli Applikabbli dwar Għajnuna Statali

Il-Fond Malti tal-Ktieb ikun implimentat skont il-proviżjonijiet tar-Regolament tal-Kummissjoni (UE) Nru 1407/2013 tat-18 ta' Diċembru 2013 bit-tqegħid ta' Artikli 107 u 108 tat-Trattat dwar il-Funzjonament tal-Unjoni Ewropea dwar l-għajnuna de minimis (ĠU L 352/1 tal-24 ta' Diċembru 2013) - ir-regolament de minimis. L-għajnuna de minimis totali mogħtija lil kull individwu m'għandhiex taqbeż il-€200,000 fuq perjodu ta' tliet snin fiskali. Minħabba f'hekk l-applikanti għal dal-fond mitluba jipprovdu Formola ta' Dikjarazzjoni t'Għajnuna Statali li fiha jikkonfermaw l-ammont ta' għajnuna de minimis li rċevew fis-sena fiskali kurrenti u fis-sentejn ta' qabilha.

Minkejja dan, is-sessjoni evalwativa u d-deċiżjonijiet għall-fondi jiddependu mill-livell ta' kompetizzjoni u l-fondi li jkun hemm. Jiġifieri jekk proġett iġib 60 marka jew aktar ma jfissirx li awtomatikament se jingħata l-fondi.

L-ordni tal-klassifikazzjoni tal-proġetti, skont il-marki mogħtija mill-evalwaturi, tkun ippubblikata online fi żmien sitt (6) ġimgħat minn meta jagħlqu l-applikazzjonijiet. Jiġu ppubblikati biss l-ismijiet tal-proġetti rebbieħa.

Jista' jkun li l-bord tal-aġġudikazzjoni jitlob xi kjarifiki mingħand l-applikant waqt is-sessjoni evalwattiva; madankollu ma jfissirx li jekk jikkuntattjawk il-membri tal-bord il-proġett tiegħek ikun se jieħu l-fondi. Kull korrisondenza tintbagħat mill-amministratur tal-fondi tal-KNK.

English version - Publishing Grants (guidelines and regulations)

The Malta Book Fund 2023 - Publishing Grants (Guidelines and Regulations)

What are the Publishing Grants?

The Malta Book Fund Publishing Grants forms part of the National Book Council's (NBC) strategy to boost the publication of books in the local market by subsidizing the publication of books in Melitensia.

The Book Fund acts as an extension of the NBC's holistic approach to book publishing in Malta by helping to raise publication standards, to encourage new work and lines of research and to promote books in a more general sense in a bid to boost literacy figures in Malta.

The Publishing Grants sections of the Malta Book Fund has an annual allocated budget of €50,000 that supports applications for the publication of the following types of original works in Malta:

- literature (fiction, poetry, drama, biographies, literary nonfiction and graphic novels);
- works of research including academic and scholarly books (monographs, edited collections, critical editions, researched exhibition and gallery catalogues containing analytical material that is the result of research).

What are the objectives of the Publishing Grants?

The objectives of the grants are:

- to foster cultural growth in the local book market. This initiative forms part of the NBC's endeavour to take on the role of a cultural agent within society, thus becoming a proactive and progressive contributor to the cultural, educational and intellectual development of society;
- to boost confidence in the pursuit of new projects and initiatives in the local market;
- to subsidise quality publications of high cultural, educational and intellectual value that in the context of the local market are not seen as commercially viable and thus would otherwise remain unpublished.

What do the Publishing Grants support?

The scheme offers grants to authors and publishers to finance the research, writing, editing, documentation, illustration, artwork, printing, marketing, and author and/or researcher payments - with an aim to publish the book in Malta with a Maltese ISBN.

The publishing grants may support up to 100% of the publication or up to a maximum of € 5,000 per project. Applicants must provide a budget breakdown of the project, with proofs of official quotes.

Each application will be assessed individually on the basis of the criteria of the grant.

Please make sure you read the eligibility and adjudication criteria for the grant carefully before building your proposal and applying for funds.

Please state whether you have already received public funding in the past and list the dates, amount specifications and any other relevant details about the funds received.

When available, clearly dated copies of press cuttings (including printouts of online press material) that may further the applicant's cause are to be attached to the application.

De Minimis Regulation - Applicable State Aid Rules

The Malta Book Fund is implemented in line with provisions of Commission Regulation (EU) No 1407/2013 of 18 December 2013 on the application of Articles 107 and 108 of the Treaty on the Functioning of the European Union to de minimis aid (OJ L 352/1 of 24 December 2013) - the de minimis Regulation. The total de minimis aid granted to any single undertaking shall not exceed €200,000 over any period of three fiscal years. To this end, applicants are being requested to provide a signed State Aid Declaration Form confirming the amount of de minimis aid received during the current and two previous fiscal years.

Rules on cumulation of aid shall be in line with Article 5 of the de minimis Regulation. Assistance under the Malta Book Fund cannot be accumulated with any other government funded scheme for the same costs. Should it become apparent that any project has been awarded separate funds for the same costs, i.e. double dipping, the proposal will be considered ineligible and/or funds will have to be reimbursed if already paid.

The Evaluation Process

Once received, applications will be first screened for eligibility. Applications which are not eligible in terms of the procedure stipulated by these guidelines will not be processed further and will not undergo evaluation. Eligible applications will be passed on to an independent adjudication board who will evaluate the projects.

The grants will be awarded to successful applicants following a competitive adjudication process according to pre established adjudication criteria.

Each criterion is allocated a specific number of marks. In order to be considered for funding, projects have to obtain a minimum of 60 marks.

Nevertheless, the evaluation session and funding decisions depend on the level of competition and on the availability of funds. Obtaining 60 marks or more does not automatically mean that funding will be awarded.

The order of classification of the projects, according to the marks allocated by the evaluators, will be published online within 6 (six) weeks from the application deadline. Only the names of the successful projects will be published.

The adjudication board may require clarifications from the applicant during the evaluation sessions; however, this does not guarantee that funds will be awarded to the project. All correspondence will be sent by the NBC's fund administrator.

Eligibility Criteria

Applications are first screened in terms of eligibility and are to be complete and include: the project description, a budget breakdown and the estimated timeframe. Applicants to the Publishing Grants category must be a publishing company registered in Malta. In the case of self-published books, the applicant must be a Maltese resident or citizen.

Project description

As part of the application, the applicant must write a brief description of the project.

The description of the publishing proposal should not exceed 1,500 words. The brief should include a description of its positioning in the Maltese publishing market. The project must be considered of relevant cultural value and should not be potentially commercially viable and self-sustainable if distributed in the local market via already established routes. The brief should explain why the project requires funding, alongside a justification of the funding provided.

The publication of coffee-table books, musical scores and books based solely on imagery or photography are excluded from the scheme.

The translation of books from Maltese to other languages and foreign-language books into Maltese is included in the Malta Book Fund (refer to Translation Grants guidelines and regulations).

Publishers and/or authors publishing their own book, either in print or ebook format or both, may apply for subsidies to publish one or more books. Applicants may submit more than one application under the same call, however only one of the applications can be funded per session.

Project costing - budget breakdown

The application should include a justification of the funding requested in the costing and the budget breakdown of the project in order to support the proposal. At application stage, copies of any relevant quotations that can give an indication of estimated costs (see downloadable budget breakdown table template - APP 3), with proofs of official quotes are to be provided. Official documentation must be submitted in support of the budget breakdown of the project costs. These can be broken down as follows:

- research;
- writing;
- editing/proofreading;
- documentation;
- illustration;
- artwork;
- graphic design;
- printing (invoices relating to printing costs may incur price fluctuations as compared to submitted quotes, however print runs should ideally be kept as per submitted proposal)
- marketing;
- author and/or researcher payments.

Only the entries pertaining to the specific grant are to be filled. If the grant is awarded, at the final report the 'actuals' column of the budget breakdown is to be completed and resubmitted with invoices, receipts and other relevant documentation for each item listed in the budget. The budget must include amounts relating to secured, unsecured and other planned revenues. The unsecured amount requested from the Fund must be quantified and allocated as the 'amount requested' from the fund.

NB: Every budget must include both expenditure and income through other sources of funding. Other sources of funding and sponsorships (including sponsorships in kind) must be supported by relevant documentation.

Timeframes

The publication date for each winning project will be discussed with the NBC upon the release of the winners' list and established within the beneficiaries contract.

An estimated completion date of the project should be mentioned in the project brief and should not exceed 18 months from the date indicated in the beneficiary's contract.

Ineligible projects

Applications for publishing grants in the following areas are ineligible for funding:

- textbooks, instruction manuals;
- yearbooks;
- works whose primary objective is party propaganda;
- coffee-table books, musical scores and books based solely on imagery or photography;
- novels and short-story collections which are commercially viable;
- children's books and any material specifically intended for an audience below the age of 18, which are commercially viable;
- expenses already covered by public cultural organisations, or another public funding programme managed or co-managed by the NBC, or any other public agency, government department or Ministry;
- retrospective costs;
- incomplete applications (please refer to mandatory documents checklist below).

Ineligible proposals in terms of the eligibility criteria listed above shall not be processed further and shall not undergo evaluation.

Adjudication Criteria

Each eligible application is evaluated according to the adjudication criteria established in these guidelines and regulations. The criteria cater for many different initiatives that prove to be of cultural value, albeit not commercially viable, based on the evaluation of the adjudication board.

- ➔ The adjudication board may decide to fully or partially fund a particular project or application.
- ➔ The adjudication board will base judgment on the strength and completeness of each application.
- ➔ The adjudicating board may discriminate against applications so as to set funding targets for grants according to certain priorities that the adjudication board deems to be of importance in the current circumstances of the book market.
- ➔ The adjudication board's decision is final and non-contestable.
- ➔ Applicants may submit more than one application in each and every fund strand, however only one of the applications will be funded within that strand.

The Publishing Grants section of the Malta Book Fund has an annual total allocated budget of €50,000.

The grant may finance the research, writing, editing, documentation, illustration, artwork, printing, marketing and author and/or researcher payments. At the date of submission of the application, the project should already exist in the form of a detailed project plan, or a draft, or a completed manuscript. It must also carry a title. The scope and aim of the project must be provided, along with any details, references and bibliographies of the author and publisher.

Rules and regulations apply to the grant. The adjudicators will evaluate applications on the basis of the following criteria to reach a final assessment. The project description should elaborate on each of the three criteria, as outlined below:

1. Quality of the proposed project
2. Engagement with the publishing market
3. Management and feasibility

1. Quality of the proposed project – TOTAL: 40 MARKS

Projects which are of considerable cultural, educational and intellectual importance to society. The strength and thoroughness of the project, and the quality of the sample provided will be evaluated (a CV/Portfolio of the author and a sample of the work should be submitted with the application).(40 marks)

2. Engagement with the publishing market – TOTAL: 40 MARKS

Applications which carry a concrete vision behind the project, and which have a clear and defined end of where the project should lead to in terms of content, results and response to the target audience.

Details of the plan for researching, editing, publishing, printing, distributing, disseminating and

promoting the work are needed. This criterion considers the level of detail and contacts already established supported with relevant documentation. (30 marks)

Relevance/cultural value of the work to be published to the target local market. This criterion requires knowledge of the market targeted and an explanation as to why that specific work is targeting the selected market. (10 marks)

3. Management and feasibility – TOTAL: 20 MARKS

The clarity of the application and the level of detail provided. (10 marks)

The applicant's ability to manage the project (including financial management) responsibly and successfully. (10 marks)

Preference is given to:

- Projects which may not be commercially viable despite their importance.
- Applications which provide a reasonable description of how and why their project is of cultural, educational, academic and literary value to society in general.
- Applications which are supported by third-parties via a legitimate written reference.
- Applications with realistic budgets and backed by official quotes.

A project of cultural value could be:

- Any project in prose, poetry, research and documentation which might distinguish itself by its quality and originality from previously published books with a similar theme.
- A literary or academic project which is of good quality, but so extensive and particular in scope that it needs the help of a very specialized editor in order to be brought to completion, or further research and work is needed by the author himself or herself to complete the manuscript.
- Any project which might be considered to be crossing boundaries in the local literary or academic fields, and which opens new avenues of opportunity for the local book scene and to society as a whole.

- For the purposes of this Fund, New Editions of Out of Print Works must be noteworthy for their cultural, literary, academic significance (“the purpose of the Fund is to subsidise quality publications of high cultural, educational and intellectual value that in the context of the local market are not seen as commercially viable and thus would otherwise remain unpublished”), and have been out of print for at least 20 (twenty) years before the date of the publication of the current Malta Book Fund call, as well as having more than 50% of its content taken from the previously published book; have substantial changes in the format or binding, or either substantial changes to at least 25% of the original written content or at least 25% new written content, or substantial changes to the illustrations, other than on the cover.

Translation Grant

A grant awarded under category 1 or category 2 of the Malta Book Fund - Translation Grants supporting the publication of the translation of published literature identified by an ISBN (fiction, literary non-fiction, poetry, drama, biographies, academic works, and graphic novels).

Translation Pitch

In short, a book pitch (or proposal) should capture what the book is about and why people should be interested in reading it. You can pitch an agent in person at a meeting or conference, but a pitch can also be written [out in the form of a query letter](#).

A book translation pitch is slightly different in that its interlocutor is the foreign rights agent or literary agent or foreign publisher. In general, pitches should be brief.

There's one other major difference between pitching a new book and a book in translation: how much of the book/translation you need to have written in advance and what type of material the pitch pack should include.

Your translation pitch letter for the purposes of this fund application (no more than 1,000 words) should include:

- An Advanced Information Sheet or AI (presentation of the book, press reviews, information on the author, purpose of the book (non-fiction) or plot details (fiction) and the main points or topics of the book in short paragraphs, information about the author (previous books, sales history, prizes, films based on their novels etc.);
- How you became interested in translating the specific book: an explanation as to why you are so enthusiastic about the book and why you think it is appropriate for that particular publisher (reference to other titles in their list) and/or market
- A sample chapter (around 3,500 words, enough to give a flavour of the book): the original excerpt to be translated if the funds are granted;
- Facts and figures: length, number of words/pages. Sales figures/bestseller placings in the country of publication and in translation in other countries (which you can obtain from the original publisher);
- Your own résumé (relevant translating experience and credentials of the translator, if any);
- Factors affecting the publisher's decision: how the book was received in its source publishing market and why it is suitable for the chosen target market; length; cost of translation of the whole book;
- BONUS INFO: Is the author alive, 'promotable', available for launch? Is the book part of a series? Is the country of origin fashionable? Can the editor read the language or will s/he need to rely on an outside reader/bridge translation? Links to social media pages or author

sites. Any other marketing material to be used to make the title in question as desirable as possible for foreign publishers

- Can you or who represents you fight for and win this book in an editorial meeting?
- Research outcome performed to identify foreign rights holder of the book.
