X'inhuma l-Għotjiet għall-Pubblikazzjoni ta' Edizzjonijiet Ġodda ta' Kotba mhux fl-Istampa?

L-Għotjiet għall-Pubblikazzjoni tal-Fond Malti tal-Ktieb jiffurmaw parti mill-istrategija tal-Kunsill Nazzjonali tal-Ktieb (KNK) biex jinkuraġixxi l-pubblikazzjoni ta' kotba fis-suq lokali billi jissussidja l-pubblikazzjoni ta' kotba tal-Melitensia.

Il-Fond Malti tal-Ktieb huwa estensjoni tal-ħsieb olistiku tal-KNK għall-pubblikazzjoni tal-kotba f'Malta li jinkludi l-għajnuna biex jogħla l-livell tal-pubblikazzjonijiet, jiġu inkuraġġuti xogħlijiet u oqsma ta' riċerka ġodda, u biex nippromwovu l-kotba f'sens usa' fit-tentattiv li nimbuttaw 'il fuq il-figuri tal-litteriżmu f'Malta.

L-Għotjiet għall-Pubblikazzjoni ta' Edizzjonijiet Ġodda ta' Kotba mhux fl-Istampa tixpruna l-pubblikazzjoni ta' kotba fis-suq lokali billi tissussidja l-pubblikazzjonijiet tal-Melitensia. Dil-fergħa timmira li tnaqqas jew telimina d-defiċit li jeżisti bejn il-ħtieġa li jinqraw il-klassiċi tal-letteratura Maltija u ta' kotba li għandhom valur kulturali, edukattiv, u intellettuali konsiderevoli u n-nuqqas tagħhom mill-ixkafef tal-ħwienet tal-kotba f'Malta. Għalhekk dal-fond jissussidja speċifikament dawn it-tipi ta' kotba li illum m'għadekx issibhom mitbugħa.

It-taqsima tal-Għotjiet għall-Pubblikazzjoni ta' Edizzjonijiet Ġodda ta' Kotba mhux fl-Istampa tal-Fond Malti tal-Ktieb għandha allokati €10,000 fis-sena, u dawn il-fondi jwieżnu applikazzjonijiet għall-pubblikazzjoni ta' edizzjonijiet ġodda ta' kotba li ġew ippubblikati l-aħħar għoxrin (20) sena jew aktar mill-Fond kurrenti u mhumieq fl-istampa. L-applikanti jistgħu japplikaw għal dawn it-tipi ta' kotba mhux fl-istampa, u b'ISBN Malti:

- letteratura (finzjoni, poezija, drammi, bijografiji, letteratura mhux fittizja u rumanzi grafiċi);
- xogħol ta' riċerka, li jinkludu kotba akkademiċi (monografi, ġabriet editjati, edizzjonijiet kritiċi, katalgi rriċerkati ta' eżebizzjoni li jkunu jinkludu materjal analitiku frott ir-riċerka).

X'inhuma l-għanijiet tal-Għotjiet għall-Pubblikazzjoni ta' Edizzjonijiet Ġodda ta' Kotba mhux fl-Istampa?

L-għanijiet tal-għotjiet huma:

- Biex inrawmu tkabbir kulturali tas-suq lokali tal-kotba. Din l-inizjattiva hija parti mill-missjoni tal-KNK biex ikollna rwol ewlieni bħala aġenti kulturali, u allura nkunu kontributor proattiv u progressiv għall-iżvilupp kulturali, edukattiv u intellettuali tas-soċjetà.
- Biex inheggu l-ideat għal proġetti u inizjattivi ġodda fis-suq lokali.
- Biex nissussidjaw proġetti ta' publikazzjoni ta' kwalità kulturali, edukattiva u intellettuali għolja, li minħabba l-kuntest tas-suq lokali mhumieq kummerċjalment vijabbli u għalhekk ma jerġgħu jiġu ppubblikati qatt mill-ġdid. Għal dil-fergħa partikulari l-Fond jara li jnaqqas jew jelimina d-defiċit bejn il-ħtieġa li jinqraw kotba klassiċi u/jew kotba li għandhom sinifikanza kulturali, letterarja jew akkademika, u n-nuqqas tagħhom mill-ixkafef tal-ħwienet tal-kotba f'Malta.

Liema proġetti jiffinanzjaw l-Għotjiet għall-Pubblikazzjoni ta' Edizzjonijiet Ġodda ta' Kotba mhux fl-Istampa?

L-iskema toffri l-fondi lil publikaturi biex jiffinanzjaw kull aspett mill-proċess editorjali u tal-pubblikazzjoni fl-edizzjoni ġdida ta' ktieb mhux fl-istampa, fosthom ir-riċerka, il-kitba, l-editjar, id-dokumentazzjoni, l-illustrazzjoni, il-grafika, l-istampar, il-marketing, u l-ħlas tal-awtur u/jew riċerkatur.

Għall-finijiet ta' dil-fergħa mill-Fond, l-aħħar edizzjoni tal-proġett inkwistjoni trid ma tkunx fl-istampa u tkun ilha minn tal-inqas għoxrin (20) sena jew aktar mhux stampata mid-data tal-hruġ tal-edizzjoni tal-Fond inkwistjoni. Barra minn hekk, u f'kuntrast ma' ristampa normali ta' ktieb, edizzjoni ġdida jrid ikollha minn tal-inqas karatteristika minn dawn:

1. bidliet sostanzjali fil-format jew fil-legatura;
2. bidliet sostanzjali ta' mill-inqas 25% mill-kontenut oriġinali jew minn tal-inqas 10% tal-kontenut ġdid (ngħidu aħna annotazzjonijiet, prefazzjonijiet, għeluq, introduzzjonijiet, jew studji kritiċi); jew
3. bidliet sostanzjali fl-illustrazzjonijiet, barra mill-qoxra.

Fl-edizzjoni l-ġdida jrid ikun hemm aktar minn 50% tal-kontenut meħud mill-edizzjoni preċedenti.

L-Għotjiet għall-Pubblikazzjoni jistgħu jwieżnu sa 100% tal-pubblikazzjoni sa massimu ta' €5,000 kull proġett. L-applikanti jridu jipprovdu rendikont baġitarju tal-proġett bi provi ta' stimi uffiċjali.

Kull applikazzjoni tkun assessjata individwalment skont il-kriterji tal-għotjiet.

Għidulna wkoll jekk irċivejtux fondi pubbliċi fl-imghoddi u niżżlulna d-dati, l-ammont/i u dettalji rilevanti oħra dwar il-fondi li kontu rċivejtu.

Ir-Regolament De Minimis - Regoli Applikabbli dwar Għajjnuna Statali

Il-Fond Malti tal-Ktieb qed ikun implimentat skont il-proviżjonijiet tar-Regolament tal-Kummissjoni (EU) 2023/2831 tal-31 ta' Diċembru 2023, bl-applikazzjoni ta' Artikli 107 u 108 tat-Trattat tal-Funzjoni tal-Unjoni Ewropea għall-għajjnuna de minimis.

L-għajjnuna de minimis totali mogħtija lil kull individwu m'għandhiex taqbez il-€300,000 fuq perjodu ta' tliet snin fiskali. Minhabba f'hekk l-applikanti għal dal-fond mitluba jipprovdu Formola ta' Dikjarazzjoni t'Għajjnuna Statali li fiha jikkonfermaw l-ammont ta' għajjnuna de minimis li rċevew fis-sena fiskali kurrenti u fis-sentejn ta' qabilha.

L-akkumulu tal-għajjnuna għandu jsegwi r-regoli f'Artiklu 5 tad-de minimis. L-għajjnuna tal-Fond Malti tal-Ktieb m'għandhiex tingħadd ma' għajjnuniet governattivi oħra li jkopru l-istess spejjeż. Jekk ikun jidher ċar li l-proġett ingħata fondi separati għall-istess spejjeż, jiġifieri dak li jkun ikun bill sebgħu darbtejn, il-proposta tkun ikkunsidrata bħala ineligibbli u l-fondi mogħtija jkunu jridu jitreggġgħu.

Il-Proċess Evalwattiv

Ladarba l-applikazzjonijiet jaslu għandna l-ewwel ma nagħmlu niċċekkjawhom għall-eligibbiltà. Dawk l-applikazzjonijiet li ma jkunux eligibbli f'termini ta' proċedura ma jiġux proċessati u lanqas jgħaddu għall-fażi evalwattiva. Applikazzjonijiet eligibbli jgħaddu biex jiġu evalwati għand bord indipendenti.

L-għotjiet jiġu allokati wara proċess kompetittiv ta' aġġudikazzjoni skont damma ta' kriterji stabbiliti.

Kull kriterju jkunlu allokat numru ta' marki. Biex proġett jitqies għall-fondi jrid jikseb tal-inqas 60 marka.

Minkejja dan, is-sessjoni evalwativa u d-deċiżjonijiet għall-fondi jiddependu mil-livell ta' kompetizzjoni u l-fondi li jkun hemm. Jiġifieri jekk proġett jikseb 60 marka jew aktar ma jfissirx li awtomatikament se jingħata l-fondi.

L-ordni tal-klassifikazzjoni tal-proġetti, skont il-marki mogħtija mill-evalwaturi, tkun ippubblikata online fi żmien tmien ġimgħat minn meta jagħlqu l-applikazzjonijiet. Jiġu ppubblikati biss l-ismijiet tal-proġetti rebbieħa.

Jista' jkun li l-bord tal-aġġudikazzjoni jitlob xi kjarifiki mingħand l-applikant waqt is-sessjoni evalwattiva; madankollu ma jfissirx li jekk jikkuntattjawk il-membri tal-bord il-proġett tiegħek ikun se jieħu l-fondi. Kull korrispondenza tintbagħat mill-amministratur tal-fondi tal-KNK.

Kull applikant li ma jirnexxilux jieħu l-fondi jista' jitlob biex jara l-kummenti tal-aġġudikanti.

English version - Publishing Grants for New Editions of Out-of-Print Works

The Malta Book Fund 2024 - Publishing Grants for New Editions of Out-of-Print Works (Guidelines and Regulations)

What are Publishing Grants for New Editions of Out-of-Print Works?

The Malta Book Fund acts as an extension of the NBC's holistic approach to book publishing in Malta by helping to raise publication standards, encourage new work and lines of research and promote books in a more general sense in a bid to boost literacy figures in Malta.

The Malta Book Fund Publishing Grants for New Editions of Out-of-Print Works forms part of the National Book Council's strategy to boost the publication of books in the local market by subsidizing Melitensia publications. This strand of the Fund aims at bridging the gap between the need to read classics and books of considerable cultural, educational and intellectual importance to society, and their unavailability in bookshops, with an eye to specifically subsidize the publication of new editions of books that are out of print.

The Publishing Grants for New Editions of Out-of-Print Works section of the Malta Book Fund has an annual allocated budget of €10,000 that supports applications for the publication of new editions of out-of-print works last published at least 20 (twenty) years before the launch of the current Malta Book Fund call. Applicants can apply for the following types of out-of-print works, carrying a Maltese ISBN:

- literature (fiction, poetry, drama, biographies, literary nonfiction and graphic novels);
- works of research including academic and scholarly books (monographs, edited collections, critical editions, researched exhibition and gallery catalogues containing analytical material that is the result of research).

What are the objectives of the Publishing Grants for New Editions of Out-of-Print Works?

The objectives of the grants are:

- to foster cultural growth in the local book market. This initiative forms part of the NBC's endeavour to take on the role of a cultural agent within society, thus becoming a proactive and progressive contributor to the cultural, educational and intellectual development of society;
- to boost confidence in the pursuit of projects and initiatives in the local market;
- to subsidise quality publications of high cultural, educational and intellectual value that in the context of the local market are not seen as commercially viable and thus would otherwise

remain unpublished, for this strand in particular bridging the gap between the need to read classics, and/or noteworthy for their cultural, literary or academic significance, and their unavailability in bookshops, with an eye to specifically subsidize the publication of new editions of books that are out of print.

What do the Publishing Grants for New Editions of Out-of-Print Works support?

The scheme offers publishers grants to finance every aspect of the editorial and publishing process for the new edition of an out-of-print work, including the research, editing, documentation, illustration, artwork, printing, marketing, and editor and/or researcher payments.

For the purposes of this Fund, New Editions of Out-of-Print Works must be out of print and have been published at least 20 (twenty) years or more before the date of the publication of the current Malta Book Fund call. Furthermore, in contrast to a straightforward reprint, the new edition must have at least one of the following:

1. substantial changes in the format or binding;
2. either substantial changes to at least 25% of the original written content or at least 10% new written content (such as annotations, forewords, afterwords, introductions, or critical studies); or
3. substantial changes to the illustrations, other than on the cover.

More than 50% of its content must be taken from the previously published book.

The Publishing Grants may support up to 100% of the publication or up to a maximum of €5,000 per project. Applicants must provide a budget breakdown of the project, with proof of official quotes.

Each application will be assessed individually on the basis of the criteria of the grant.

De Minimis Regulation - Applicable State Aid Rules

The Malta Book Fund is implemented in line with the provisions of Commission Regulation (EU) 2023/2831 of 13 December 2023 on the application of Articles 107 and 108 of the Treaty on the Functioning of the European Union to de minimis aid.

The total de minimis aid granted to any single undertaking shall not exceed €300,000 over any period of three fiscal years. To this end, applicants are being requested to provide a signed State Aid Declaration Form confirming the amount of de minimis aid received during the current and two previous fiscal years.

Rules on cumulation of aid shall be in line with Article 5 of the de minimis Regulation. Assistance under the Malta Book Fund cannot be accumulated with any other government funded scheme for the same costs. Should it become apparent that any project has been awarded separate funds for the same costs, i.e. double dipping, the proposal will be considered ineligible and/or funds will have to be reimbursed if already paid.

The Evaluation Process

Applications which are not eligible in terms of the procedure stipulated by these guidelines will not be processed further and will not undergo evaluation. Eligible applications will be passed on to an independent adjudication board who will evaluate the projects.

The grants will be awarded to successful applicants following a competitive adjudication process according to pre-established adjudication criteria.

Each criterion is allocated a specific number of marks. In order to be considered for funding, projects have to obtain a minimum of 60 marks.

Nevertheless, the evaluation session and funding decisions depend on the level of competition and on the availability of funds. Obtaining 60 marks or more does not automatically mean that funding will be awarded.

The order of classification of the projects, according to the marks allocated by the evaluators, will be published online within eight weeks from the application deadline. Only the names of the successful projects will be published.

The adjudication board may require clarifications from the applicant during the evaluation sessions; however, this does not guarantee that funds will be awarded to the project. All correspondence will be sent by the NBC's fund administrator.

Unsuccessful applicants can ask to see the reasoning behind the adjudicators' decision.

Eligibility Criteria

Applications are first screened in terms of eligibility and are to be complete and include: the project description, a budget breakdown and the estimated timeframe.

The publication of coffee-table books, musical scores and books based solely on imagery or photography are excluded from the scheme.

Publishers and/or authors publishing their own book, either in print or ebook format or both, may apply for subsidies to publish one or more books. Applicants may submit more than one application under the same call, however only one of the applications can be funded per session.

Project description

As part of the application, the applicant must write a brief description of the project to be including an editorial plan for the new edition of the out-of-print work and illustrating the nature of the project (whereby more than 50% of its content must be taken from the previously published book, and which will have at least one of the following:

1. substantial changes in the format or binding;
2. either substantial changes to at least 25% of the original written content or at least 10% new written content (such as annotations, forewords, afterwords, introductions, or critical studies); or
3. substantial changes to the illustrations, other than on the cover).

The proposal should not exceed 1,500 words. The brief should include a description of its positioning in the Maltese publishing market. The project must be considered of relevant cultural value and should not be potentially self-sustainable if published in the local market via already established routes.

The brief should explain why the project requires funding, alongside a justification of the funding provided. The applicant must make a case that the out-of-print book applied for under this Fund is of considerable cultural, educational and intellectual significance and the applicant intends for it to find again its way again into the publishing market, hit the shelves and reach as wide an audience as possible.

It is imperative that the rights holder of the previous/original edition is identified and contacted. Applications must include a letter of agreement from the text's author or the rights' owner (or owners) for the text being re-published as a new edition.

It is also imperative that the out-of-print edition to be published under this scheme has been last published at least 20 (twenty) years before the date of the launch of the current Malta Book Fund call.

Project costing - budget breakdown

The application should include a justification of the funding requested in the costing and the budget breakdown of the project in order to support the proposal. At application stage, provide copies of any relevant quotations that can give an indication of estimated costs (see downloadable budget breakdown table template - APP 3), with proofs of official quotes are to be provided. Official documentation must be submitted in support of the budget breakdown of the project costs. These can be broken down as follows:

- research;
- editing/proofreading;
- documentation;
- illustration;
- artwork;
- graphic design;
- printing (invoices relating to printing costs may incur price fluctuations as compared to submitted quotes, however print runs should ideally be kept as per submitted proposal),
- marketing;
- researcher payments.

Only the entries pertaining to the specific grant are to be filled. For more categories see the budget breakdown template.

If the grant is awarded, at the final report the 'actuals' column of the budget breakdown is to be completed and resubmitted with invoices, receipts and other relevant documentation for each item listed in the budget. The budget must include amounts relating to secured, unsecured and other planned revenues. The unsecured amount requested from the Fund must be quantified and allocated as the 'amount requested' from the fund.

NB: Every budget must include both expenditure and income through other sources of funding. Other sources of funding and sponsorships (including sponsorships in kind) must be supported by relevant documentation.

Timeframes

The publication date for each winning project will be discussed with the NBC upon the release of the winners' list and established within the beneficiaries contract.

An estimated completion date of the project should be mentioned in the project brief and should not exceed 2 years from the date indicated in the beneficiary's contract.

Ineligible projects

Applications for publishing grants in the following areas are ineligible for funding:

- textbooks, instruction manuals;
- yearbooks;
- works whose primary objective is party propaganda;
- coffee-table books, musical scores and books based solely on imagery or photography;
- children's books and any material specifically intended for an audience below the age of 18, which are commercially viable;
- expenses already covered by public cultural organisations, or another public funding programme managed or co-managed by the NBC, or any other public agency, government department or ministry;
- retrospective costs;
- incomplete applications (please refer to mandatory documents checklist below).

Ineligible proposals in terms of the eligibility criteria listed above shall not be processed further and shall not undergo evaluation.

Adjudication Criteria

Each eligible application is evaluated according to the adjudication criteria established in these guidelines and regulations. The criteria cater for many different initiatives that prove to be of cultural value, albeit not commercially viable, based on the evaluation of the adjudication board.

- ➔ The adjudication board may decide to fully or partially fund a particular project or application.
- ➔ The adjudication board will base judgment on the strength and completeness of each application.
- ➔ The adjudicating board may discriminate against applications so as to set funding targets for grants according to certain priorities that the adjudication board deems to be of importance in the current circumstances of the book market.
- ➔ The adjudication board's decision is final and non-contestable.
- ➔ Applicants may submit more than one application in each and every fund strand, however only one of the applications will be funded within that strand.

The Publishing Grants for New Editions of Out-of-Print Works section of the Malta Book Fund has an annual total allocated budget of €10,000 (for a minimum of two funded projects).

The grant may finance the research, writing, editing, documentation, illustration, artwork, printing, marketing and researcher payments. At the date of submission of the application, the project should already exist in the form of a yet-unpublished detailed publishing/editorial plan,

or a completed new manuscript. The scope and aim of the project must be provided, along with any details, references and bibliographies of the contributors and publisher.

Rules and regulations apply to the grant. The adjudicators will evaluate applications on the basis of the following criteria to reach a final assessment. The project description should elaborate on each of the three criteria, as outlined below:

1. Quality of the proposed project
2. Engagement with the publishing market
3. Management and feasibility

1. Quality of the proposed project – TOTAL: 40 MARKS

Projects which are of considerable cultural, educational and intellectual importance to society and forming part of the Maltese literary canon, yet out of print. The strength and thoroughness of the project, and the quality of the sample/editorial plan provided will be evaluated (a CV/ Portfolio of the author and a sample of the work should be submitted with the application). (40 marks)

2. Engagement with the publishing market – TOTAL: 40 MARKS

Applications which carry a concrete vision behind the project, and which have a clear and defined end of where the project should lead to in terms of market positioning, results and response to the target audience.

Details of the plan for researching, editing, publishing, printing, distributing, disseminating and promoting the work are needed. This criterion considers the level of detail and contacts already established supported with relevant documentation. (30 marks)

Relevance/cultural value of the work to be published to the target local market. This criterion requires knowledge of the market targeted and an explanation as to why that specific work is needed and is targeting the selected market. (10 marks)

In short, a book pitch (or proposal) should capture what the book is about and why people should be interested in reading it. You can pitch an agent in person at a meeting or conference, but a pitch can also be written [out in the form of a query letter](#).

A book translation pitch is slightly different in that its interlocutor is the foreign rights agent or literary agent or foreign publisher. In general, pitches should be brief.

There's one other major difference between pitching a new book and a book in translation: how much of the book/translation you need to have written in advance and what type of material the pitch pack should include.

Your translation pitch letter for the purposes of this fund application (no more than 1,000 words) should include:

- An Advanced Information Sheet or AI (presentation of the book, press reviews, information on the author, purpose of the book (non-fiction) or plot details (fiction) and the main points or topics of the book in short paragraphs, information about the author (previous books, sales history, prizes, films based on their novels etc.);
- How you became interested in translating the specific book: an explanation as to why you are so enthusiastic about the book and why you think it is appropriate for that particular publisher (reference to other titles in their list) and/or market
- A sample chapter (around 3,500 words, enough to give a flavour of the book): the original excerpt to be translated if the funds are granted;
- Facts and figures: length, number of words/pages. Sales figures/bestseller placings in the country of publication and in translation in other countries (which you can obtain from the original publisher);
- Your own résumé (relevant translating experience and credentials of the translator, if any);
- Factors affecting the publisher's decision: how the book was received in its source publishing market and why it is suitable for the chosen target market; length; cost of translation of the whole book;
- BONUS INFO: Is the author alive, 'promotable', available for launch? Is the book part of a series? Is the country of origin fashionable? Can the editor read the language or will s/he need to rely on an outside reader/bridge translation? Links to social media pages or author

sites. Any other marketing material to be used to make the title in question as desirable as possible for foreign publishers

- Can you or who represents you fight for and win this book in an editorial meeting?
- Research outcome performed to identify foreign rights holder of the book.
