Guidelines and Regulations - Grants for the Translation and Export of books by Maltese authors (Category 1)

Translation and Export Grants

The Malta Book Fund Translation and Export Grants form part of the National Book Council's (NBC) strategy to boost the export and international dissemination of Maltese publications. The Grants are intended to encourage publishers from around the world to publish fiction and non-fiction works by Maltese authors in new territories.

The MBF Translation and Export Grants are divided into two categories:

- Category 1 - Grants for the Translation and Export of books by Maltese authors
- Category 2 - Book Translation Pitch Grants (Sample translations)

For more information about Category 2 visit www.ktieb.org.mt

What are the objectives of the Grants for the Translation and Export of books by Maltese authors?

The primary objectives of the grants are:

- to increase the visibility of Maltese creative and academic writing on international platforms; to increase the international dissemination of Maltese books and literature by facilitating the translation of Maltese books into various languages and make Maltese works accessible to a wider audience;
- To elevate the visibility and recognition of Maltese literature on the global stage by supporting translations of diverse genres, including fiction, poetry, drama, and non-fiction, thereby showcasing the richness and cultural depth of Maltese literary heritage;
- To expand the readership base for Maltese authors and encourage cross-cultural engagement with their works, enriching the global literary landscape;
- to facilitate meaningful cultural exchange between Malta and international literary communities - through translated works, readers from different linguistic backgrounds will gain insight into Malta's unique cultural identity, history, and contemporary societal issues;

- To provide financial assistance to translators and publishers who bring Maltese texts into other languages by incentivising and enabling the dissemination of Maltese literature across linguistic borders;
- To uphold standards of literary excellence in translation by supporting projects that prioritise fidelity to the original text while also ensuring readability and resonance in the target language. By promoting high-quality translations, the fund aims to enhance the appreciation of Maltese literature among international audiences.
- To foster collaborations between Maltese authors, translators, publishers, and cultural organisations, as well as their foreign counterparts.

Who can apply for the Grants for the Translation and Export of books by Maltese authors?

Authors, translators and publishers.

What projects are supported by the Grants for the Translation and Export of books by Maltese authors?

The grants support applications for the following types of export and translation projects, with an annual allocated budget of €40,000.

- **Publications of translation projects of Maltese works** (published in the Maltese or English language in Malta with a Maltese ISBN) into any other language. Concessions shall be made to original texts not identifiable through an ISBN, for example pre-1970 publications.
- **Publications of English-language Maltese works (carrying a Maltese ISBN) in new English language territories** where translation is not usually required (rights sale). Concessions shall be made to original texts not identifiable through an ISBN, for example pre-1970 publications.
- **Anthologies featuring original or translated works of fiction and non-fiction works by one or more Maltese author.**

Maltese-language works which are going to be translated through a bridge language translation will be considered, but priority will be given to works translated from original Maltese editions.

All applications for projects involving translation must include a signed contract between the rights-holder and translator, and the translator's CV demonstrating mastery of the Maltese language.

The awarded projects must be published in book form and the application should be submitted before publication.

The Translation and Export grants may support up to 100% of the translation fees or up to a maximum of € 5,000 at a rate of €0.10 per word. The rate of €0.10 per word does not apply for translations of poetry due to the limited word count of poetry translation projects. In the case of poetry translations, a quote per project will be accepted.

Applicants must provide a budget breakdown of the project, with proofs of official quotes.

Each application will be assessed individually on the basis of the criteria of the grant.

The eligibility and adjudication criteria for the grant are to be read carefully prior to building the proposal and applying for funds.

Any previously awarded funds are to be listed, along with the date and amount awarded, as well as any relevant details regarding the received funds.

When applicable, clearly dated copies of press cuttings (including printouts of online press material) that may further the applicant's cause are to be attached to the application.

De Minimis Regulation - Applicable State Aid Rules

The Malta Book Fund is implemented in line with the provisions of Commission Regulation (EU) 2023/2831 of 13 December 2023 on the application of Articles 107 and 108 of the Treaty on the Functioning of the European Union to de minimis aid.

The total de minimis aid granted to any single undertaking shall not exceed €300,000 over any period of three fiscal years. To this end, applicants are being requested to provide a signed State Aid Declaration Form confirming the amount of de minimis aid received during the current and two previous fiscal years.

Rules on cumulation of aid shall be in line with Article 5 of the de minimis Regulation. Assistance under the Malta Book Fund cannot be accumulated with any other government funded scheme for the same costs. Should it become apparent that any project has been awarded separate funds for the same costs, i.e. double dipping, the proposal will be considered ineligible and/or funds will have to be reimbursed if already paid.

The Evaluation Process

Once received, applications will be first screened for eligibility. Applications which are not eligible in terms of the procedure stipulated by these guidelines will not be processed further and will not undergo evaluation. Eligible applications will be passed on to an independent adjudication board who will evaluate the projects.

The grants will be awarded to successful applicants following a competitive adjudication process according to pre-established adjudication criteria.

Each criterion is allocated a specific number of marks. In order to be considered for funding, projects have to obtain a minimum of 60 marks.

Nevertheless, the evaluation session and funding decisions depend on the level of competition and on the availability of the funds. Obtaining 60 marks or more does not automatically mean that funding will be awarded.

The order of classification of the winning projects, according to the marks allocated by the evaluators, will be published online within 8 (eight) weeks from the application deadline. Only the names of the successful beneficiaries and their projects will be published.

The adjudication board may require clarifications from the applicant during the evaluation sessions; however, this does not guarantee that funds will be awarded to the project. All correspondence will be sent by the NBC's Fund Administrator.

Unsuccessful applicants can ask to see the reasoning behind the adjudicators' decision.

Eligibility Criteria

Applications are first screened in terms of eligibility and are to be complete and include: the project description, a budget breakdown, the authorisation from the copyright holder of the source text, a letter of interest/commitment from a foreign publisher where applicable and the estimated timeframe.

Project description

As part of the application, the applicant must write a brief description of the translation and export project not exceeding 1,000 words, which should include a description of its literary export value, as well as the intended publisher's plans for its publication and distribution.

The project must not be potentially commercially viable and self-sustainable via already established routes. Translation of coffee-table books, musical scores and books based solely on imagery or photography are excluded from the scheme.

The brief should explain why the project requires funding.

Project costing - budget breakdown

The application should include a justification of the funding provided in the costing and a budget breakdown of the project in order to support the proposal. At application stage, provide copies of any relevant quotations that can give an indication of estimated costs (see downloadable budget breakdown table template - APP 3), with proof of official quotes are to be provided. Official documentation must be submitted in support of the budget breakdown of the project costs. These can be broken down as follows:

- translation rates;
- translator/s' fees;
- proofreading;
- editing;
- foreign agents' fees;
- foreign rights (territorial and translation rights);
- printing;
- other payments.

Only the entries pertaining to the specific grant are to be filled. If the grant is awarded, at the final report the 'actuals' column of the budget breakdown is to be completed and resubmitted with invoices, receipts and other relevant documentation for each item listed in the budget sheet.

The budget sheet must include amounts relating to secured, unsecured and other planned revenues. The unsecured amount requested from the fund must be quantified and allocated as the 'amount requested' from the fund.

NB: Every budget must include both expenditure and income through other sources of funding. Other sources of funding and sponsorships (including sponsorships in kind) must be supported by relevant documentation.

Copyright

The authorisation for translation and/or publication in a new territory from the copyright owner of the source text, be it published or unpublished. This applies also to unpublished bridge translations, which are considered as source texts for the purposes of this fund.

Timeframes

The publication date for each winning project will be discussed with the NBC upon the release of the winners' list and established within the beneficiaries contract.

An estimated completion date of the translation should be mentioned in the project brief and should not exceed two years from the date indicated in the beneficiary's contract.

Ineligible projects

Applications for all Translation and Export grants (complete works or samples) in the following areas are ineligible for funding:

- textbooks, instruction manuals;
- yearbooks;
- works whose primary objective is party propaganda;
- coffee-table books, musical scores and books based solely on imagery or photography;
- modules or translation work within a taught course;
- expenses already covered by public cultural organisations, or another public funding programme managed or co-managed by the NBC, or any other public agency, government department or Ministry;
- retrospective costs;
- incomplete applications (please refer to documents checklist below).

Ineligible proposals in terms of the eligibility criteria listed above shall not be processed further and shall not undergo evaluation.

Adjudication Criteria

Each eligible application is evaluated according to the adjudication criteria established in these guidelines and regulations. The criteria cater for as many different initiatives as possible, giving a chance to compete to all projects that prove to be of cultural value, albeit not commercially viable, based on the evaluation of the adjudication board.

- ➡ The adjudication board may decide to fully or partially fund a particular project or application. Unless exclusively focused on Maltese authors, applications for anthology projects are unlikely to receive funding for costs not directly connected to the translation of works by Maltese authors.
- ➡ The adjudication board will base judgment on the strength and completeness of each application.

- ➔ The adjudicating board may discriminate against applications so as to set funding targets for grants according to certain priorities that the adjudication board deems to be of importance in the current circumstances of the book market.
- ➔ The adjudication board's decision is final and non-contestable.
- ➔ Applicants may submit more than one application in each and every fund strand, however a maximum of two applications will be funded within each strand.
- ➔ Only projects with a planned publication process in place will be considered eligible, i.e. a letter of interest from a foreign publisher. Projects should be strictly directed at publishing with a foreign ISBN.

Grants for the Translation and Export of books by Maltese authors

Adjudicators will evaluate applications on the basis of the following criteria to reach a final assessment. The project description should elaborate on each of the three criteria, as outlined below:

1. Quality of the proposed project
2. International engagement
3. Management and feasibility

1. Quality of the proposed project – TOTAL: 40 MARKS

Where applicable, the strength of the translator's professional record, the quality of the sample provided (a CV/Portfolio of the translator, a letter of interest/commitment and a sample of the translators' work should be submitted with the application). Works within projects which do not require translation are evaluated on the basis of the original English-language text. (35 marks)

Automatic points will be granted as follows:

* if the published work has been awarded the National Book Prize (5 marks)

2. International engagement – TOTAL: 40 MARKS

Details of the plan for international distribution, dissemination and promotion of the translated work or work being published in a new territory. This criterion considers the level of detail and contacts (foreign publisher) already established supported with relevant documentation, including a letter of interest/of commitment for the publication of the translation. (30 marks)

Relevance of the work to be translated to the target international market. This criterion requires knowledge of the market targeted and an explanation as to why that specific work is targeting the selected market. (10 marks)

3. Management and feasibility – TOTAL: 20 MARKS

The clarity of the application and the level of detail provided. (10 marks)

The applicant's ability to manage the project (including financial management) responsibly and successfully. (10 marks)

Preference is given to:

- Projects which may not be commercially viable despite their importance.
- Applications which provide a reasonable description of a planned publication process in place.
- Applications which are supported by third-parties via a legitimate written reference.
- Applications with realistic budgets and backed by official quotes.

Failure to qualify does not bar the applicant from applying again in the following call for applications with the same or a different project.

Processing of personal data

All information received by the fund administrators and adjudicators will be considered confidential, both during and after the evaluation process. Provisions on data protection and confidentiality for successful projects will be included in the grant agreement with the fund beneficiaries.

Enquiries

The decisions made by the adjudication board are final.

Should there be any enquiries regarding the results, please email Matthew Borg at the NBC on matthew.borg@ktieb.org.mt within five (5) working days of receipt of the funding decision.

Please provide a detailed explanation and justification of the request supported by relevant documentation, if any.

A reply will normally be received within fifteen (15) working days.

Project implementation and monitoring

Successful applicants will be requested to sign a contract specifying the conditions of the fund. When accepting the grant, applicants accept that their name, the project title and the amount awarded can be published by the NBC.

50% (fifty per cent) of the total amount allocated by the adjudication board to a specific project will be awarded upon signing of the grant beneficiaries contract. The other 50% (fifty per cent) will be released following approval by the NBC of the final report, and submission and tallying of final invoices and receipts within the budget breakdown.

The two copies of the published project should be sent to the NBC on:
National Book Council
Bice Mizzi Vassallo Complex
Arnhem Road
Pembroke, Malta
PBK 1776

The Fund beneficiaries must use the NBC's logo on all related material and specify that the project was supported by the Malta Book Fund – in all marketing, PR and printed material. The grant received must be used solely for the purpose for which it was awarded, in line with the submitted proposal and the contract.

Beneficiaries must notify the NBC immediately if changes affecting the nature of the project take place during implementation. Changes cannot be implemented unless

approval is received. The NBC reserves the right to revise or withhold the final payment if the change in the project is not considered to be in line with the initial proposal, or if the Council is not informed of the changes within a reasonable time.

Reporting

Upon completion of the project, applicants will be required to submit a detailed report (see APP 4) including invoices and receipts and highlighting the work carried out and the achievements of the project upon its conclusion, by not later than two years after signing the fund beneficiary contract.

Together with the report, beneficiaries must submit 2 hard copies of the published translated book, and any relevant marketing, publicity or information material developed for the funded project, including visual documentation, if any, and an updated budget breakdown table highlighting actual expenditure (see APP 3).

The NBC retains the right to make use of submitted project material.

The information provided will be evaluated by the NBC fund administrators and, if this information is satisfactory, then the final 50% of the amount allocated by the fund will be granted. The amount will be adjusted based on the invoices and receipts received.

The NBC reserves the right to revise the final payment if the project was not delivered as indicated in the application form.

Likewise, the NBC retains the right to recover funds in case these are not being used and/or are misused and/or are not used according to the submitted proposal and budget.

Translation Pitch

In short, a book pitch (or proposal) should capture what the book is about and why people should be interested in reading it. You can pitch an agent in person at a meeting or conference, but a pitch can also be written [out in the form of a query letter](#).

A book translation pitch is slightly different in that its interlocutor is the foreign rights agent or literary agent or foreign publisher. In general, pitches should be brief.

There's one other major difference between pitching a new book and a book in translation: how much of the book/translation you need to have written in advance and what type of material the pitch pack should include.

Your translation pitch letter for the purposes of this fund application (no more than 1,000 words) should include:

- An Advanced Information Sheet or AI (presentation of the book, press reviews, information on the author, purpose of the book (non-fiction) or plot details (fiction) and the main points or topics of the book in short paragraphs, information about the author (previous books, sales history, prizes, films based on their novels etc.);
- How you became interested in translating the specific book: an explanation as to why you are so enthusiastic about the book and why you think it is appropriate for that particular publisher (reference to other titles in their list) and/or market
- A sample chapter (around 3,500 words, enough to give a flavour of the book): the original excerpt to be translated if the funds are granted;
- Facts and figures: length, number of words/pages. Sales figures/bestseller placings in the country of publication and in translation in other countries (which you can obtain from the original publisher);
- Your own résumé (relevant translating experience and credentials of the translator, if any);
- Factors affecting the publisher's decision: how the book was received in its source publishing market and why it is suitable for the chosen target market; length; cost of translation of the whole book:

- BONUS INFO: Is the author alive, 'promotable', available for launch? Is the book part of a series? Is the country of origin fashionable? Can the editor read the language or will s/he need to rely on an outside reader/bridge translation? Links to social media pages or author sites. Any other marketing material to be used to make the title in question as desirable as possible for foreign publishers
- Can you or who represents you fight for and win this book in an editorial meeting?
- Research outcome performed to identify foreign rights holder of the book.
